## NATURAL PRODUCTS

### EcoTreat | Lawn & Garden Pest Control Concentrate

#### Benefits

- Replaces Permethrin & Pyrethroid Yard Products
- Kills Adults, Eggs, Larvae & Pupae
- Safely Repels without Harsh Chemicals
- Controls Flying, Biting, Crawling Pests
- Mix with Water for Multiple Uses
- Safe Around Children & Pets
- Plant-Based Ingredients
- 100% Biodegradable & Non-Toxic
- Spray & Play Lawn with No Wait Time
- No Harm to Bees, Beneficial Insects, Pollinators or Amphibians

#### Uses

EcoTreat is a multi-use, water-soluble concentrate that kills and repels fleas, ticks, mosquitoes and 100s of other pests. This all-in-one concentrate can be used on lawns, kennels, patios and landscapes. EcoTreat is a powerful yet natural alternative to chemical pesticides used to control pests outdoors.

- ✓ Kills & repels full life cycle
- ✓ Safe for plant life
- ✓ Safe around children & pets
- ✓ Natural & organic
- ✓ No artificial colors or fragrances

#### How it Works

The active ingredient in Wondercide products is cedar oil, which has been used for centuries to protect from pests (think Grandma's cedar chest!). Cedar oil works by blocking octopamine, which is necessary to regulate heart rate, movement, and metabolism in "bad bugs" like fleas and ticks. When cedar oil is present in the area, pests are repelled. When contacted by cedar oil, pests die.

With EcoTreat and tap water, one concentrate controls hundreds of insects, spiders and venomous snakes. Stronger mixtures enhance results without damaging side effects. Dilution ratios vary by application. EcoTreat can be applied with any applicator. EcoTreat can be used inside for routine pest control without stain or residue. For indoor infestations, use Wondercide Indoor Pest Control.
