Uses

Indoor Pest Control is a natural, bio-based insecticide developed for DIY pest control and insect infestations. It has no toxic effect on the environment, humans or animals. Indoor Pest Control gives consumers professional-grade power backed by nature. Indoor Pest Control is ideal for homes, offices, schools, hospitals, pet facilities, property management, bars, restaurants and more.

- ✓ Kills & repels full life cycle
- ✓ Natural & organic
- ✓ No artificial colors or fragrances
- ✓ Therapeutic-grade essential oils
- ✓ Spray or fog application

How it Works

The active ingredient in Wondercide products is cedar oil, which has been used for centuries to protect from pests (think Grandma's cedar chest!). Cedar oil works by blocking octopamine, which is necessary to regulate heart rate, movement, and metabolism in "bad bugs" like fleas and ticks. When cedar oil is present in the area, pests are repelled. When contacted by cedar oil, pests die.

Spray around windows, doors and baseboards. Spray under sinks, in cabinets, pantry, cracks, crevices and around appliances. Safely use on pet beds, furniture, flooring, hardwood floors and carpet. Spray onto bedding and into AC return to eliminate dust mites.

For infestations of fleas, ticks, bed bugs or other parasites, fog the environment with Indoor Pest Control in a non-thermal fogger.

Ingredients (cedar): 10% Cedar Oil, 90% Hydrated Silica

Ingredients (cedar + lemongrass): 10% Cedar Oil, 0.1% Lemongrass Oil, 89.9% Hydrated Silica

Ingredients (cedar + rosemary): 10% Cedar Oil, 0.6% Rosemary Oil, 89.4% Hydrated Silica
