Antifungal

8 fl oz | 240 mL

#### OUR STORY

When you love someone, you do everything in your power to protect them. I thought I was keeping Luna safe by using flea & tick control prescribed by a vet, but when she experienced devastating side effects ranging from skin issues to organ failure, I knew there had to be a better way.

I founded Wondercide to protect pets, people and property without harsh chemicals. Today, our full line of natural products protects families around the world.

*Stephanie*

& Luna
